EDUCATION

National University of Singapore (NUS)

Aug 2025 - Present

- Bachelor of Computing in Computer Science (Honours), GPA: 4.25/5.0
- Relevant Coursework: Programming Methodology I & II, Discrete Structures, Linear Algebra

Anderson Serangoon Junior College

Jan 2021 - Dec 2022

- Rank Points: 86.25/90 (4 Distinctions)

SKILLS & CERTIFICATIONS

Programming Languages: Java, Python, C, JavaScript, HTML, CSS

Frameworks & Libraries: PyTorch, TensorFlow, Pandas, NumPy, Scikit-Learn, Pygame

Technologies: Git, GitHub, Google Cloud Platform (GCP), Jira

Certifications: Google Professional Machine Learning Engineer, CS50X (Computer Science), CS50P (Python)

EXPERIENCE

Business Management Intern, Aimazing

Jan 2025 - Jun 2025

- Executed the successful deployment of **500+ devices** across premium commercial hubs (ION Orchard, VivoCity, Paragon) by coordinating cross-functional teams and tracking logistical progress via Jira, ensuring seamless client onboarding
- Accelerated issue resolution for **200+ Jira tickets** by acting as the primary liaison between the deployment and engineering teams, diagnosing device errors and verifying fixes to ensure **100% deployment accuracy**

Sales Assistant (Part-Time), Giant Supermarket, Cold Storage Singapore Pte Ltd

Dec 2020 - Feb 2021

- Supported daily retail operations through inventory management and customer service

PROJECTS

Personal Portfolio Website (HTML/CSS, JavaScript)

- Designed a responsive, mobile-friendly portfolio to showcase technical projects and experience
- Deployed via **GitHub Pages** and managed version control using **Git**
- Implemented custom **CSS animations** and optimized assets for faster load times

CAPT Garuda House Telegram Bot (Python, Google Sheets API, Heroku)

- Maintained and enhanced a legacy codebase serving **100+ active residents**, collaborating with a team of 5 to deploy new features and bug fixes
- Integrated **Google Sheets API** to replace a failing local storage system, working within the existing architecture to resolve critical data loss issues
- Refactored existing logic to improve system stability on Heroku, minimising downtime

Tic-Tac-Toe vs AI (Python)

- Engineered an unbeatable AI opponent with a 0% loss rate against human players by implementing the **Minimax algorithm** for optimal decision-making

CO-CURRICULAR ACTIVITIES

NUS College of Alice & Peter Tan

Aug 2025 - Present

- **ICG Squash Captain (2026):** Led the 2026 Inter-College Games for a competitive squad of 7 players by designing technical training schedules and formulating match strategies
- **CAPT in Silence:** Engaged directly with the Deaf community to bridge communication gaps and promote inclusivity
